Certification as an ACI certified Advanced Flatwork Finisher or Flatwork Associate is a professional designation gaining recognition throughout the United States. The program is useful for experienced and apprentice concrete finishers to sharpen and round out their knowledge of concrete finishing. The class session is followed by a written examination.

Applicants having a minimum of 4,500 hours of concrete finishing experience (2+ years) and who pass the test will be Advanced Concrete Flatwork Finishers. Applicants who pass the test, but do not submit the work experience, will be Concrete Flatwork Associates.
